Control Type	6 Touchpads Electronic Tactile Buttons Top Controls
Racking System	Nylon Towerless
Dishwasher Drying Features	Dry Boost™ Heated Dry - On/Off
Wash Arms	3 Wash Levels Lower Middle Upper
Wash System Features	Automatic HotStart Automatic Temperature Control Drain Pump Dual Pumps and Motors Piranha™ Hard Food Disposer with removable filter
Exterior Style	Traditional
Active Flood Protection	Active Flood Protect

- Dry Boost™ - Dry Boost outperforms standard heated dry dishwashers by getting hard-to-dry items like plastics up to 3 times drier when compared to heated dry
- Wash Zones - This dishwasher half load option lets you wash in the upper or lower rack whenever you need to, instead of waiting on a full load. Just choose your wash zone: upper or lower
- Water Leak Sensor - This dishwasher features Active Flood Protect, which prevents potential overflows for greater peace of mind. It works by using a water leak detector to sense when water is too high, pumping it out until a safe level is reached
- Reliable Performance - American made, this dishwasher is durable, long-lasting and dependable. Its consistent performance will give you totally clean and dry dishes with every cycle
- Adjustable Upper Rack - Enjoy a dishwasher with flexible loading with an adjustable upper rack. Easily move it up or down to fit bottles, large platters and other items as tall as 10.5"
- Steam + Sani - Save time with a steam and sanitize option that loosens tough soils before the wash cycle begins, so you get a complete wash with no pre-rinsing or soaking necessary. Plus, a sanitization cycle reduces 99.999% of bacteria on dishes
- 1-Hour Wash Cycle - This one-hour wash cycle provides a quick, quality clean. Unload spotless plates, glasses, pots and pans without waiting hours for the dishwasher to finish

- AutoSense Cycle - This energy efficient dishwasher has an AutoSense Cycle that detects the soil level and amount of dishes, then automatically adjusts wash settings for the ultimate clean
- Hard Food Disposer - The Piranha Hard Food Disposer lets you use your dishwasher without pre-rinsing. Its stainless steel impellers rotate at 3,600 RPM to pulverize food particles and an anti-jamming design make sure wash arms stay unclogged
- Extra Large Capacity - This extra large capacity dishwasher has enough space for 16 place settings and large dishware, making cleanup easy after large gatherings
- 54 dBA Dishwasher - This quiet dishwasher delivers a thorough clean while maintaining a peaceful kitchen. A status light on the door lets you know when it's running
- Flush Installation - Cabinet-depth flush installation ensures your dishwasher blends in with the design of your kitchen without sacrificing space for dishes inside
- Optional Third Rack Kit - A third rack kit lets you add extra dishwasher capacity and gives you more loading flexibility, so you can run fewer loads. It's easy to install and offers the perfect place for flatware, serving spoons, lids and more
- Optional WiFi - Turn your appliance into a smart dishwasher with a WiFi adapter (sold separately). Simply attach it and start using the SmartHQ app to control and monitor your unit remotely. You can even reorder detergent
- Approximate Dimensions: 34 H x 23 3/4 W x 24 D
- Limited 1-year entire appliance warranty
