Control Type	8 Touchpads Cap Touch Controls Top Controls
Racking System	Full 3rd rack
Dishwasher Drying Features	Dry Boost™ Fan Assist Dry Heated Dry - On/Off Multi-Wattage Wash & Dry Element
Wash Arms	3 Wash Levels Lower

- Dry Boost™ with Fan Assist-Dry - Dry Boost with Fan Assist gets hard-to-dry items like plastics up to 3 times drier than heated dry cycles using a fan that pulls moist air out, resulting in table ready dishes
- Deep Clean Silverware Jets - This dishwasher with powerful cleaning jets washes your silverware to perfection, no matter how you load it. A system of 40 jets blast the silverware basket from the bottom up, removing all stuck-on foods
- Built-In Third Rack - This dishwasher with third rack storage lets you easily clean more items in fewer loads. It gives you extra loading flexibility with a place to store silverware, spatulas, lids and more
- Water Leak Sensor - This dishwasher features Active Flood Protect, which prevents potential overflows for greater peace of mind. It works by using a water leak detector to sense when water is too high, pumping it out until a safe level is reached
- Reliable Performance - American made, this dishwasher is durable, long-lasting and dependable. Its consistent performance will give you totally clean and dry dishes with every cycle
- 4 Bottle Wash Jets - This dishwasher with bottle jets ensures a deep clean for tall items, narrow glasses, jars and more. In the upper rack, each of the four bottle wash jets direct water and detergent inside to effectively wash hard-to-reach areas
- Steam + Sani - Save time with a steam and sanitize option that loosens tough soils before the wash cycle begins, so you get a complete wash with no pre-rinsing or soaking necessary.

Plus, a sanitization cycle reduces 99.999% of bacteria on dishes

- Lower Rack Fold-Down Tines - Enjoy next-level this loading flexibility dishwasher thanks to multi-position, fold-down tines in the lower rack. Adjust them into three different positions and configure your rack to accommodate any item
- Smooth-Glide Upper Rack - This dishwasher full-extension upper rack makes loading and unloading smooth and simple. It easily extends on 48 ball bearings, so you can make light work of even the heaviest loads
- High Wash Performance - Get a complete wash with no pre-rinse, thanks to a variety of wash cycles that provide a powerful clean. No matter how many dishes you load or how dirty they are, rest assured you'll get spotless results every time
- Hard Food Disposer - The Piranha Hard Food Disposer lets you use your dishwasher without pre-rinsing. Its stainless steel impellers rotate at 3,600 RPM to pulverize food particles and an anti-jamming design make sure wash arms stay unclogged
- 45 dBA Dishwasher - This 45 decibel dishwasher offers quiet operation that will make your kitchen more peaceful, while delivering a powerful wash for clean results every time
- Extra Large Capacity - This extra large capacity dishwasher has enough space for 16 place settings and large dishware, making cleanup easy after large gatherings
- Optional WiFi - Turn your appliance into a smart dishwasher with a WiFi adapter (sold separately). Simply attach it and start using the SmartHQ app to control and monitor your unit remotely. You can even reorder detergent
